We are Collegiate

WELCOME TO COLLEGIATE PREP SCHOOL

“ *Starting your journey with us*

From our small class sizes to our exceptional facilities, we strive to provide not just an exceptional education, but a community in which your child can unlock their true potential. Collegiate is a safe, happy school and we support our families so that each child feels nurtured.

Academic excellence is supported by an environment of enriched opportunity, with sports, music, creative and performing arts all held in equal esteem.

Our staff work extremely hard to help each pupil understand the world around them and to develop strong values and respect for others.

It would be my pleasure to welcome you on a tour to explore how your family can join ours.

David A H Edwards MA
Head of Prep School

A LIFELONG *love of learning*

Children are naturally curious. Lessons at Collegiate are designed to harness and challenge young, questioning minds and to nurture a love of reading and numeracy. We develop the ability to take curiosity from the classroom into the outside world.

Small classes with specialist facilities combine to give our pupils a wonderful learning environment in which to explore and be challenged.

Our specialist teachers spark children's fascination, cultivating a passion that will stay with them forever. Our fully-equipped Science laboratory enables children to immerse themselves in the world of science during their lessons. This is the perfect place for experiments, engaging learning and stretching the most questioning of minds.

A SPECIAL PLACE TO *learn and grow*

Collegiate Prep is unique in Bristol, situated in close proximity to the city centre, yet offering extraordinary outdoor space. With our own Forest School on site, pupils venture far beyond the classroom to enjoy the time and space to develop their natural curiosity through hands-on practical experiences.

With extensive sports grounds and facilities, all children at Collegiate are encouraged to play sport. Whether representing the school in a team or enjoying the fun, social side of sport, Collegiate offers sporting opportunities for everyone to encourage exercise and healthy living for all.

SUPPORTING INQUISITIVE & *creative minds*

To find balance in their learning, we encourage all children to explore their strengths in sport, music, drama, languages and art.

Imaginations can flow in our bright art rooms, our fully-equipped theatre and dedicated music room; all uplifting places for extending creative minds. Regular opportunities to perform offer every child their moment in the spotlight, building their resilience and confidence.

DEVELOPING CONFIDENCE, *celebrating success*

Encouraging children to thrive as part of our caring community begins with pupils being part of a deeply supportive traditional House system, that celebrates all aspects of school life.

Older pupils form bonds with Pre-School and Reception classes in the weekly 'reading buddies' sessions, which mutually support the reading skills of our newest pupils and give Year 6 children a taste of responsibility and relationship-building.

Success and achievement are recognised and rewarded, with children developing a core inner confidence in preparation for their transition to Senior School.
